CONFERENCE

The ILTA conference is the premier gathering of terminal industry professionals. Experience two days of in-depth education that addresses the latest developments in terminal operations, personnel management, and regulatory compliance solutions.

Who Should Attend

- Chief executives and managing directors of petroleum and chemical companies
- Owners and operators of bulk liquid storage facilities
- Senior executives of the customers and suppliers of bulk liquid terminals
- Terminal managers
- Business development/planning managers
- Environmental managers and engineers
- Safety professionals
- Security specialists
- Regulatory affairs directors
- Maintenance supervisors
- Industry consultants

CONFERENCE HIGHLIGHTS:

This preliminary program highlights the major themes planned for this year's conference. Information on each presentation will be available in the final program.

Operations/Industry Updates

These topics provide detailed insight into operational issues. This track allows attendees to benefit from the knowledge and experience of leading experts in the terminal industry.

Management/Business Issues

Specifically designed for terminal executives, general managers and other executive personnel, these sessions offer informative and valuable techniques for managing business issues.

Environmental, Health, Safety and Security

Sessions in this track address the impacts of environmental, safety and security regulations on terminals.

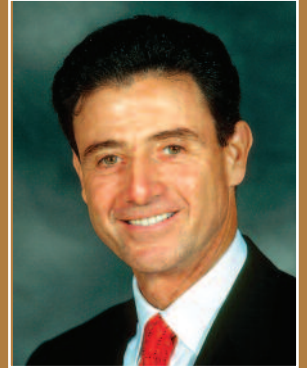

NEW IN 2009!

Technical Sessions in Spanish

Estas sesiones incluirán presentaciones en español enfocadas a aspectos técnico/operativos como así también a productos y servicios de interés para dueños u operadores de terminales.

This track will include presentations in Spanish focusing on operational and technical issues as well as innovative products and services for aboveground storage tank owners and operators.

Keynote Speaker

Rick Pitino

Head Basketball Coach,
University of Louisville

Success Is a Choice

Rick Pitino is a name synonymous with success. He is the first coach to take teams from three different schools to the NCAA Final Four and one of only 14 coaches to have reached that pinnacle on at least four occasions. In 1996, he led the University of Kentucky Wildcats to the NCAA Championship.

Besides having an extraordinary career as a coach, he is an accomplished motivational speaker. Pitino takes the same proven methods that have earned him and his teams legendary status to provide a plan of attack for achieving extraordinary success.

Looking for Ways to Save Money?

Take advantage of group plans and early registration discounts this year.

Small group and large group plans are available for the conference and will save your company money when you send additional attendees. Early registration discounts on individual registration fees are available before May 8, 2009. Save even more money by sharing your hotel accommodations and your taxi ride or rental car from the airport. ILTA will help registrants find other attendees willing to split the cost of their rooms and/or ground transportation. Contact ILTA for more information.

ADDITIONAL NETWORKING OPPORTUNITIES

Catch up with old friends, make new connections and enjoy some refreshments during the scheduled networking events. The Monday evening conference reception, the Tuesday networking breakfast and evening trade show reception, and the new Wednesday trade show lunch are ideal opportunities to interact with others in the terminal industry.

TO ENSURE YOUR SPOT
ON THE GREEN!

WILDCAT
GOLF CLUB

A favorite of Houston golfers, Wildcat has two world-class courses designed by Scottish architect Roy Case. Set amidst the highest natural land elevations in Houston, the remarkable Highlands course couples rolling fairways with fast greens. The more traditional Lakes course boasts spectacular views of Houston. Both offer unique challenges and provide a delightful experience for golfers of all skill levels.

THE INTERNATIONAL LIQUID TERMINALS ASSOCIATION

represents companies and partnerships that operate bulk liquid storage terminals in 43 countries. These facilities are located in ports and along rivers, canals and pipelines. Products handled by our members include crude oil, petroleum products and a wide variety of chemicals, as well as ethanol, biodiesel, vegetable oils, molasses and fertilizers.

TERMINAL MEMBERS

ILTA terminal member facilities include deep-water, barge and pipeline terminals whose bulk liquid commodities are a key part of the national and international economies. These terminals interconnect with and provide services to the various modes of bulk liquid transportation, including oceangoing tankers, barges, tank trucks, rail cars and pipelines.

SUPPLIER MEMBERS

ILTA supplier members provide a wide variety of products and services to the bulk liquid terminal industry. These products and services are essential to the success and efficient operation of terminals.
